Service & Training School

ENROLLMENT AND INFORMATION BROCHURE

## LEARN FROM THE EXPERTS!

BOSS INDUSTRIES INSIGHT Service & Training School will help develop the novice technician into an excellent air compressor mechanic and will challenge the seasoned mechanic with our advanced course curriculum. This classroom and hands-on approach will ensure the candidate replicates the service techniques developed over 30 years by BOSS certified service mechanics. Schools can be performed right here at BOSS INSIGHT Training Facility or brought to you right in your own service region.

The BOSS INSIGHT Service & Training School is developed with our distributors in mind to help educate the mechanics on all BOSS products, parts and service topics. Ensuring your customers stay on the job!

## TRANSPORTATION

**AIRPORTS:** Chicago O’Hare, Chicago Midway and South Bend, Indiana offer a wide variety of airlines originating from all over the world. Midway is highly recommended due to distance and convenience to La Porte.

**RENTAL CAR:** You will need to provide transportation to and from the airport.

*Boss will provide transportation for evening event and dinner.*

**BUS:** Another option besides a rental car would be the Coach USA bus. Please visit [www.coachusa.com](http://www.coachusa.com) for complete schedule information (Coach USA does not service South Bend International Airport). You will then need to take a taxi or Uber from the bus stop to your hotel.

**TRAIN:** Metra Trains also depart from both Chicago airports however; this will require a transfer to the South Shore Line to reach Michigan City, Indiana. Please visit [www.metra.com](http://www.metra.com) and [www.nictd.com](http://www.nictd.com) for complete schedule information. The South Shore Line does leave directly from the South Bend Airport. You will then need to take a taxi or Uber from the train stop to your hotel.
