BOSSGEN 6.5-10.0kW

Underdeck PTO Shaft Drive Generators

When you utilize a BOSSGEN PTO driven generator on your crew trucks you gain a decisive edge, because the BOSSGEN PTO driven generator components become an integral part of the vehicle. The Boss PTO is mounted below the bed, offering many advantages you cannot get using a conventional engine driven generators or inverters. Available in 6.6 or 10.0kW on the Totally Enclosed Fan Cooled model and 6.5 or 10.0kW on the Standard Model.

When you utilize a BOSSGEN PTO driven generator on your crew trucks you gain a decisive edge, because the BOSSGEN PTO driven generator components become an integral part of the vehicle. The Boss PTO is mounted below the bed, offering many advantages you cannot get using a conventional engine driven generators or inverters.

The BOSSGEN series takes up no bed space and with only the vehicle engine to maintain, life just got easier!. With fewer parts, the generator now has more mobility.

The BOSSGEN is ideal for plastic pipe fusion, night lighting, pumps, heaters, heating irons, electrical tools, sensitive computer equipment and more..

- **Frees up the tow hitch.**
- **Takes up no bed space** - BOSSGEN PTO generators are mounted under deck.
- **Fewer parts** - Compared to its towable or cross-mount counterparts.
- **Light weight** - Less than 200 lbs!
- **Only one engine to maintain** - Simplifies preventive maintenance.
- **Cost efficient** - No need for additional licensing fees or insurance.

SPECIFICATIONS

GENERATOR	Standard	
Output (kW)	6.6kW	10.0kW
Weight (lbs)	103.5	152
Height	12.3"	12.3"
Width	11.8"	11.8"
Length	19.8"	22.15"
Voltage	120 or 120/240 Single Phase	120 or 120/240 Single Phase
Input Speed (RPM)	1800	1800

GENERATOR	Totally Enclosed Fan Cooled	
Output (kW)	6.5kW	10.0kW
Weight (lbs)	152	152
Height	12.3"	12.3"
Width	11.8"	11.8"
Length	22.15"	22.15"
Voltage	120 or 120/240 Single Phase	120 or 120/240 Single Phase
Input Speed (RPM)	1800	1800

OPTION: The B-CAN Control System

DURABLE. CAPABLE. RELIABLE

The B-CAN is a remote control system featuring a 3.5 inch fully sunlight viewable screen that is menu based for service and diagnostic information.

- USB interface allows quick and easy software updates.
- Internal buzzer to alert operators of warnings and shutdowns.
- Plug-and-go solution for displaying J1939 engine and transmission data.
- Robust polycarbonate case with IP67 rating.
- Fully-seated Deutsch electrical connectors.

OPTION: ESAB 215C Suitcase Welder

The Rebel™ EMP 215ic offers 120/230 V flexibility and some of the most innovative welding technology available. A breakthrough design inspired by professional welders, the Rebel EMP 215ic is a complete MIG/TIG/Stick package ready to weld anything – mild steel, aluminum, stainless steel – and go anywhere.

- True multi-process performance for best-in-class MIG, Flux-Cored, Stick, including 6010 Stick electrodes, and Lift TIG welding.
- Exclusive sMIG ("smart MIG") feature continuously learns and adapts to the operator's welding technique to provide a stable arc and superior, repeatable welds; increases productivity for the experienced welder, and reduces training time for novice welders
- Innovative display has larger display screen and higher pixel density to provide a more clear view of the TFT screen than other light industrial welders.
